

## Sleep Screening Questionnaire

Please answer the questions below to help us assess the possibility of a sleep disorder which may be related to your dental and overall health. There is often a correlation between grinding of the teeth, TMJ disorders, breakdown of the teeth and sleep disorders. Sleep apnea may also increase your risk for many different health conditions including heart attack and stroke. If you are here with your child (under 16), please fill out the lower portion marked "For children only" for your child.

Name: \_\_\_\_\_ Height: \_\_\_\_\_ Weight: \_\_\_\_\_

### Epworth Sleepiness Scale

How likely are you to doze off or fall asleep in the following situations, in contrast to just feeling tired?

0 = I would never doze

2 = I have a moderate chance of dozing

1 = I have a slight chance of dozing

3 = I have a high chance of dozing

#### Situation

#### Chance of Dozing

1. Sitting and reading
2. Watching TV
3. Sitting inactive in a public place (e.g. a theater or a meeting)
4. As a passenger in a car for an hour without a break
5. Lying down to rest in the afternoon when circumstances permit
6. Sitting and talking to someone
7. Sitting quietly after lunch without alcohol
8. In a car while stopped for a few minutes in traffic
